

West of England Combined Authority Forward Plan

The Forward Plan sets out all the decisions to be made by the West of England Combined Authority (and occasionally key decisions by officers). Government guidance recognises that the plan is a best assessment, at the time of publication, of anticipated decision making. The Forward Plan is updated regularly and can be seen on the West of England Combined Authority Website.

The Forward Plan covers key decisions to be published over the coming 28 days, and demonstrates the West of England Combined Authority's commitment to openness and participation in decision making. It also assists the West of England Combined Authority's Scrutiny Committee in planning their input to policy formulation and development, and in reviewing the work of the Combined Authority.

Should you wish to make representations to the decision taker; please contact the report author. For Committee meeting items, a formal agenda will be issued 5 clear working days before the meeting.
